What size should I select?

If a costume is offered in multiple sizes, you will be required to select your size on the item's description page before proceeding. Standard sized adult costumes traditionally fits women sizes 7-12 and men up to a 44 inch chest or 200lbs.

Please see the item's description for more details on costume sizes or click on the button marked "Size Chart." All items have a size chart button that contains the product measurements that are provided from the manufacturer, we do not have any additional information besides what is listed..
