

Returns

How do I return an item if I live outside of the continental United States?

GENERAL PRODUCT RETURNS - OUTSIDE OF THE CONTINENTAL UNITED STATES

All orders shipped outside of the United States are eligible for return but the customer is responsible for all return shipping charges. When returning your item, we **STRONGLY** suggest that you use a trackable shipping method. We will not be held responsible for crediting your account if you cannot verify receipt of the Product Return.

Please keep in mind that refunds are for the cost of merchandise only and **return shipping charges are not refundable.**

If you return something that has been used, worn, altered, is missing items, or is without the original packaging or garment tag it can't be credited back to your account. Please double-check to make sure you've included all of the pieces and packaging before you return it. Keep in mind that there may be a minimum \$15 restocking fee for returned items that fall outside our normal return guidelines, including unauthorized refused packages.

We can't take certain items back unless they're returned in the original, unopened factory-sealed packaging. **These include:** wigs, facial hair, hair pieces, hair clips/extensions, headbands, barrettes, hair accessories, and hats with attached hair. Teeth, fangs, undergarments, hosiery, inflatable items (this applies to items that can be inflated orally), video tapes, DVDs, CDs, eyelashes, and cosmetics. Shoes & boots (does not apply to shoe covers and boot tops), or costume shoes designed for indoor use only or one-time wear - footwear cannot have been worn, used, nor altered. Special order Items, props that require special delivery, disposable helium tanks, Food & Edible Items including: box mixes, cookies, candy, mints, and edible decorations. Wholesale purchases and volume discount orders are also not returnable.

Returns

Costume Supercenter
